Introduction

Dear parent/ carer,

At the time of writing, we are now faced with another lockdown to help combat the growing number of COVID-19 cases we face in England.

Similar to the first lockdown, the Government have announced that *"only children of critical workers and vulnerable children and young people should attend school or college. All other pupils and students will receive remote education"*. Our staff have been working tirelessly to prepare our new way approach to learning, and as such, we have adapted our approach to provide students with live lessons via Teams to provide a sense of normality with their education during this difficult time.

This guide aims to provide parents with up-to-date information regarding our school practices for both on-site learning and the expectations of students whilst using Microsoft Teams for their learning.

We have also made great progress in our efforts to set up our Lateral Flow Testing (LFT) site. In our first week, we have managed to test all staff who are working on site in both primary and secondary phase including all support staff and all secondary students. Below you will find more information on what our LFT testing site looks like, and the process that is undertaken for on-site staff and students who are required to take a test.

This document supersedes any other guidance or information that has been sent to parents. It is likely that due to the ever-changing situation that we find ourselves in that the guidance in this document may change.

Regards,

A handwritten signature in black ink, appearing to read 'David James', with a long horizontal flourish extending to the right.

David James
Principal

School attendance

From the start of term, the usual rules on school attendance will apply.

These are outlined in the bullet points below. We do understand that remote learning may be difficult for both students and parents and the school will provide support to parents and students where possible. However:

- **It is a parents' duty to secure that their child regularly attends remote learning** where the child is a registered pupil at school, and they are of compulsory school age.
- **It is the schools' obligation** to record attendance and follow up absence.
- **It is the governments expectation** that the school issues sanctions to parents, including fixed penalty notices in line with local authorities' codes of conduct on attendance. The school will, however, only use these powers in exceptional circumstances.

Illness

In the case of a child being absent from school due to illness, parents have three options to report their absence:

1. Text **01604 420132** with details of your child's full name, form, reason for absence and expected date of return to learning.
2. Leave a message on the school's secondary absence line - **01604 669200**.
3. Email SC9284005a@Schoolcomms.com each morning of the absence.

Please note, if your child is part of our on-site provision and is suffering from diarrhoea or vomiting, they **must** stay off school for 48 hours until they have not been sick or had diarrhoea for at least 2 days.

COVID-19 prevention measures

Students should self-isolate for at least 10 days if they have coronavirus (COVID-19) symptoms or have tested positive. Anyone developing symptoms during the school day is to be sent home. Any student on-site who returns a positive Lateral Flow Device test (LFT) is to be sent home. The 10 days of isolation starts either from the day they had the test if no symptoms present, or from when symptoms started, even if they develop after a test. Note, this may result in a self-isolation for longer than 10 days.

These are essential actions to reduce the risk in schools and further drive down transmission of coronavirus (COVID-19). For NHS guidance on how long to self-isolate, please [click here](#).

If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow '[stay at home: guidance for households with possible or confirmed coronavirus \(COVID-19\) infection](#)', which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19). Other members of their household (including any siblings) should self-isolate for 10 days from when the symptomatic person first had symptoms.

Staff and parents/carers understand that will need to be ready and willing to:

- [Book a test](#) if affected members are displaying symptoms. Staff and pupils **must not** come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. All children can be tested, including children under 5, but children aged 11 and under will need to be helped by their parents / carers if using a home testing kit
- Provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace
- [Self-isolate](#) if there has been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)

Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. Tests can be booked online through the [NHS testing and tracing for coronavirus website](#), or ordered by telephone via NHS 119 for those without access to the Internet.

What should you do if a member of your family has symptoms?

If any member of your family has symptoms, then everyone in the household needs to self-isolate. You should organise for a test and self-isolate until the result is known. Should the result be positive, and your child is attending our on-site provision, please inform the school immediately using the following email:

vjewell@ccs.northants.sch.uk. We will need to know the date that symptoms started and the date of the test.

My child is learning remotely but has tested positive for COVID-19, do I need to tell the school?

Whilst your child may be learning from home, it is important that we are made aware of any student in our school community who tests positive for COVID-19. This information is essential to allow us to report to DfE our daily figures and gives us the ability to track home learning.

On-site Lateral Flow Testing

We now have a Lateral Flow Testing (LFT) station set up within our Main Hall for staff and students on-site to receive regular tests, **a LFT is only used for asymptomatic testing**, if a student has symptoms, their parent/ carer should book them a PCR test.

Please note, no testing is done without parental consent. When a secondary student joins an on-site class bubble, they will be given a LFT and will wait in the test area reception for the result before joining a class bubble. You will find more information and photographs of our testing site, and processes on the following page.

Secondary Phase Weekly Testing

We offer weekly testing for all on-site students in secondary phase, and twice weekly testing for staff. This provision means that we are able to identify anyone who may be asymptomatic and further prevent infection. Students who are being tested will be provided with a barcode which will allow them to register their test with the NHS database, they will do this when they get back to their classroom on the day of their test.

The weekly testing will be as follows:

- Monday – Year 9 and Year 10
- Tuesday – Year 11
- Thursday – Year 8
- Friday – Year 7

Staff and students enter our Main Hall via a one-way system and are greeted by one of our team at the registration desk who will provide them with a unique barcode, which will allow them to register their test with the NHS database.

A member of staff will direct you to one of our three testing bays, where the user will administer their own test and our team are on-hand to help answer any questions and supervise the test.

Our testing area includes a poster detailing how to administer your own test, and a mirror to help guide to the correct area to be swabbed. Should you need any help, one of our testing staff will be able to offer guidance if needed.

New secondary students on-site are required to sit in our waiting area until the Lateral Flow Test has registered a result, if the result is negative, the student will return to class as normal. If the test is positive, parents will be contacted and are advised to book a PCR test to verify the result of LFT test.

What happens when the school gets a positive case of COVID-19?

After we receive notification of a positive case of COVID-19 among one of our students or staff members, we will contact the DfE. They have a dedicated helpline for reporting positive cases in schools. The information they ask is the date of the positive test and when did the symptoms first start. If the child was not in school 48 hours before symptoms started, then generally no further action is taken. If the child was in school 48 hours prior to symptoms then we are asked to identify any close contacts; this could be students or staff who have come into contact as:

- Skin to skin contact
- Face to face for 1 minute or more
- Within 2 metres for more than 15 minutes

We are also asked to identify friendship groups which, you will appreciate, is not an exact science. We do this by speaking to the class and explaining the situation and we do, at this stage, have to give the name of the student if not already known. We consider the seating plan to identify the 2 metre contacts and then ask students to inform us if they believe they have been in close contact even if they do not sit next to the student concerned.

Why do we not self-isolate the whole class/ bubble?

We do not make the decision of what to do if a child has a positive test result. The DfE consultant in collaboration with East Midlands Public Health does. If there are multiple cases in the same bubble then this may mean having to send home a class group, or even a year group.

What happens if a student on-site has a positive Lateral Flow Test (LFT)?

If a student on-site returns a positive result to their Lateral Flow Test, they are to be sent home to self-isolate for 10 days. If their LFT is **negative**, students can return back to site as normal and continue to take their weekly LFT as normal (*if consent is given*).

Digital device strategy

At the start of term 1, parents and carers were informed that the school intended for all students in years 7-11 access to a laptop computer for use in lessons to support their learning.

We have encountered many delays for these devices; however, we are now in a very privileged position to have received a delivery of devices to allow us to provide all KS3 students a digital device for when lockdown ends, and students return to site. We're also offering a device loan service, where we have a number of options available to help families and students with digital devices at home.

For more information on our digital devices loan, please visit the following link:

Keeping students safe – On-site provision

The below information highlights our safety measures put in place, and guidelines for keeping our staff and students safe while on-site. We have also published a [Secondary Online Learning Programme](#), providing lots of useful information on our remote learning, and the behaviour expectations of our students.

General principles

The expectation is that as far as possible, students should maintain social distancing in line with government guidance. To do this, students will be kept in “consistent” groups during the school day, with the expectation that there is little mixing between groups during the day.

Social distancing

Our main challenge in school is maintaining social distancing measures. Whilst we know this is not easy, please can we ask you to reinforce with your child(ren) to adhere to the social distancing guidance at all times, unless in their classroom setting. Students should not be within 1 metre of each other at any time and they should also try to maintain a 2-metre gap at all times. It is also important that your child respects the rules on social distancing when they are walking to and home from school.

School policy on face coverings

We are currently following DfE guidance surrounding face coverings and ask that all students in Year 7 and above wear a face covering whilst moving around indoors, such as corridors and communal areas. Students are also expected to wear a face covering whilst outdoors unless they are consuming food or drink.

The guidance is outlined on the Government website:

<https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education>

The DfE guidance states that:

“Children aged 12 and over should wear a mask under the same conditions as adults, in particular when they cannot guarantee at least a 1-metre distance from others and there is widespread transmission in the area.”

“Face coverings should be worn by adults and pupils when moving around, such as in corridors and communal areas where social distancing is difficult to maintain. As in the general approach, it will not usually be necessary to wear face coverings in the classroom, where protective measures already mean the risks are lower, and they may inhibit teaching and learning.”

The WHO has also released updated guidance on face masks for children which is available via [this link](#). WHO and UNICEF advise that children aged **12 and over** should wear a mask under the same conditions as adults, in particular when they cannot guarantee at least a 1-metre distance from others **and there is widespread transmission** in the area. The school’s interpretation of this statement is that students **should be able to work in school at the current circumstances without needing to cover their face**.

However, the school is aware that some parents and students would like the reassurance of being able to wear a face covering in lessons and as a result, we are allowing students in secondary phase to wear face coverings provided that they follow the guidance from the WHO.

Current guidance on the WHO website states:

- **Children who are in general good health** can wear a **non-medical or fabric mask**. This provides source control, meaning it keeps the virus from being transmitted to others if they are infected and are not aware that they are infected. The adult who is providing the mask should ensure the fabric mask is the correct size and sufficiently covers the nose, mouth, and chin of the child.
- **Children with underlying health conditions** such as cystic fibrosis, cancer, or immunosuppression, should, **in consultation with their medical providers, wear a medical mask**. A medical mask controls spreading of the virus and protection to the wearer and is recommended for anyone who is at higher risk of getting seriously ill from COVID-19.

It is the responsibility of the parent to provide the appropriate face coverings for students.

Travelling to school

Please refer to the separate government and Northamptonshire guidance on students travelling to school.

Students should follow sensible steps in travelling to school:

- Avoid public transport if possible. If this is unavoidable, please follow government guidance on face coverings.
- Avoid walking to school or social contact with students outside of your school bubble or family unit.

Parents should note that the school site will not be open to cars from the start of term.

Details of this will be sent out to parents in a separate communication.

Handwashing

All students **must** realise the need for robust hand and respiratory hygiene, and we have now set up hand washing stations in The Street, where students can wash their hands using touch-free taps.

We have also fitted touch-free hand sanitiser dispensers outside all classrooms and offices in our secondary blocks, students will be expected to sanitise their hands before they enter each classroom.

Students will be required to sanitise their hands, on arrival to each classroom.

We have sinks in every primary classroom and children are supervised by an adult when washing their hands at regular times throughout the day.

All bins around our school have now been replaced with pedal bins (pictured), or open litter bins to minimise contact.

Classroom layout

In the secondary phase, it is essential that teachers can operate across different classes and year groups to allow us to provide effective subject specialist teaching.

To create a safe environment to allow teachers to move between classes, we have put in place protective measures in the classroom (pictured on the following page):

- All tables and chairs facing forward with students seated side by side.
- Tape on the floor to provide a visual reminder to teachers and students that the teachers must stay at the front of the class.
- Students in years 7, 8 and 9 will remain in the same classroom for most of their lessons. We will endeavour to provide some teaching time in specialist rooms where possible.
- Students in years 10, 11, 12 and 13 will be taught in the same classroom for most lessons but will also have access to specialist rooms for subjects that require it.
- There will be times when year 12 and 13 students are required to work from home when they do not have a timetabled lesson.

Moving around the school

Government guidance insists that passing briefly in corridors or play areas is considered low risk but in the interests of consistency, we are asking students to still wear face masks whilst moving around corridors and outdoor areas of school, unless consuming food or drink.

At the time of writing, there are no designated one-way systems in secondary phase. We will inform students if this situation changes.

Behaviour expectations

The school's behaviour policy outlines our expectation of students working within the school. This can be found on the school website. We have also published a [Remote Learning Guide](#) which highlights the behaviour expectations of our students whilst they are working remotely.

Students are expected to comply with all reasonable requests from any member of staff throughout the day. This includes ensuring students comply with COVID related instructions such as:

- Routines for arriving or leaving the school.
- Hygiene, such as handwashing and sanitising
- Who students can socialise with at school, including at lunch and break times
- Moving around the school (e.g. one-way systems, out of bounds areas, queuing)
- Sneezing, coughing, tissues, and disposal ('catch it, bin it, kill it') and avoiding touching their mouth, nose and eyes with hands
- Telling an adult if they are experiencing symptoms of coronavirus
- Use of toilets
- Not to cough or spit at or towards any other person

Wearing of face coverings

Students in Year 7 and above are required to wear face coverings at all times, apart for when they are in their classroom, the only exception for this is at break and lunchtime when students are consuming food or drink, or if they are medically exempt and are wearing an orange lanyard. Please can we ask that all students bring more than one face mask to school with them, in any case theirs becomes lost or damaged throughout the school day, and they also bring a small bag into school to place their mask into when it is not being worn.

If students do not have a face mask, then the school will supply a disposable mask to students to use for the day.

If a student refuses to wear the face mask provided, the students will be removed from communal areas and placed in a supervised area until the start of the next lesson.

Parents will be contacted to discuss a satisfactory solution.

Arriving at school

Year groups are assigned their own area of the school and students will as far as possible, stay in the same classroom for most of the day.

Start and finish times

To minimise social interaction between students, we will stagger the start and end of the school day for each year group:

Year Group	Entrance	Location	Start Time	Finish Time
Year 7	Side gate	Lower C	8:45	3:00
Year 8	Side gate	Lower B	9:00	3:15
Year 9	Main gate	Upper B	9:15	3:30
Year 10	Main gate	Upper C	8:45	3:00
Year 11	Side gate	Lower D	9:00	3:15
Year 12	Side gate	Lower/Upper E	8:45	3:30
Year 13	Main gate	Upper D	8:45	3:30

Siblings travelling to/from school together

We appreciate that the start times mean that siblings may start at various times. If this is the case, they should arrive to school at the earlier time and then enter school and go into their base room. They must not wait outside the school gates or any area outside.

Likewise, at the end of the school day, students should remain in their year group area until their siblings are released from school.

Arriving at each block

The following photographs may help you to identify the areas mentioned:

Main Entrance Gate

Main Entrance Gate – **for all secondary and sixth form students.**

When entering the school premises:

Year 7, 8, 11, 12 students should stay to the **right** of this path.

Year 9, 10 and 13 students should stay to the **left** of this path.

Entrance to lower blocks:

To enter the lower blocks, walk along this path.

Year 7, 8 and 11 (some year 12) students who are based in the lower blocks should keep right and walk through these gates.

Entrances to the lower blocks are through the doors on the ground floors.

Entrance to upper blocks:

Year 9, 10 and 13 students will follow the path (as directed) to the gates by secondary reception and use the 'street' to enter the upper blocks to their base rooms.

Lunchtime and break time

Students will not be able to move freely around the school. Year groups will be allocated an area that they are able to use. They will either stay in their classroom or go to the designated area.

Canteen service

Secondary students will not be able to access the canteen service at the start of term. We will of course provide a free school meal to students who are eligible.

All other students should bring a packed lunch until further notice. Drinking fountains will not be available.

We are hoping to deliver a canteen service later on in the term.

Tutor groups and bases

The table below give the form bases for each of the tutor groups. From September students will not have a formal registration period in the morning and lessons.

Year 11	Miss L Briggs
Year 12 & 13	Mr S Halsey and Dr J Ideson

Equipment

Due to the restrictions on sharing equipment, we are asking all students in Year 7 – 11 to be equipped with the following items for the start of the new school year:

- Black pens
- Green pen
- Colouring pencils
- Calculator
- Rubber
- Pencil sharpener
- Small safety scissors
- Glue stick
- Small ruler
- Highlighters
- Compass
- Protractor

If you have any queries relating to this equipment, please email vjewell@ccs.northants.sch.uk

Uniform requirements

We expect all students to adhere to the uniform rules below when in school.

As a school we are aware that due to the pandemic, there may be times when some uniform items may not be available. Please contact the school if this is the case to prevent any issues.

Blazers:

- Official school blazer with school logo embroidered.
- Blazers must be worn at all times in and around the school unless permission has been granted by a senior member of staff. In lessons students may remove their blazer when permitted by the class teacher.
- Students must have the coloured strip that identifies them as a member of a specific house. This strip should be attached to their blazer top pocket

Not Acceptable:

- Rolling-up of the blazer sleeves

Polos: (Optional Item)

- During Terms 5 and 6 students will be able to wear the school polo.
- Official school polo with school logo embroidered (white) purchased from the Schoolwear Shop.
- A school blazer should be worn to and from school with the polo top. The blazer may be removed once in lessons when granted permission by the teacher.
- Polos are to be tucked in.

Shirts:

- All shirts must be white and professional looking.
- Boys are to wear collared shirts which are long enough to tuck into trousers. The top button of the shirt must be buttoned.
- Girls are to wear a reverse collar blouse.
- All shirts and blouses are to be tucked in.

Not Acceptable:

- Coloured t-shirts which can be seen under the shirt
- Shirts/blouses made of sheer material

Trousers:

- Trousers should be black in colour, look professional and are acceptable when the material consists of a polyester blend.
- All trousers are to be ankle length or longer.

Not Acceptable:

- Skinny style of trousers, chinos, trousers of any denim material, and trousers which are 'stuck to' the leg.
No trousers are to be rolled up

Skirts:

- Black skirts only. Length requirement: when the student places their hands down to the side of their thigh, the skirt must be 5cm below the middle fingertip

Not Acceptable:

- Skirts made of jersey or stretchy material
- Skirts which do not meet the length requirement, or are ankle length

Ties:

- Official school tie to be purchased from the school's uniform supplier

Tights and Socks:

- Black tights only are to be worn. Socks or tights may be worn with skirts. Not both. Boys and girls are to wear black socks only.

Not Acceptable:

- Footless tights, leggings/Jeggings or white or coloured socks

Jewellery:

The following items are allowed to be worn:

- One pair of stud earrings (one in each ear – worn on the ear lobe only) and no bigger than 5mm
- One ring
- One watch (the watch should be discreet and not a fashion item)

No facial/body/tongue piercings are allowed. If a student comes to school with a visible facial/body piercing, they will be asked to remove the piercing.

If a student wants to get a piercing, it needs to be done earlier enough in the summer holidays so that it may be removed during school hours. The piercing must be removed during term time.

Not Acceptable:

- Bracelets, necklaces, facial piercings. Charity bracelets which are sold through the school, may be worn during the designated week for that specific charity.

All jewellery must be removed for PE lessons.

Shoes:

- Formal school shoes and laces must be black- discreet buckles or fastening on school shoes will be accepted.
- Boots may only be worn for safety reasons when there is extreme weather and only when parents have been notified in writing/email/ text message by the school.
