

Forthcoming Events

Year 10 Census 1

Reports will be published for our first census point of the academic year on the 13/11/2020.

Year 10 Bulletin

03/11/2020

I look forward to welcoming students back into school this week after what has hopefully been a restful half term break for most.

Given the change in the national approach to the pandemic announced this week I feel it is important to emphasise our current rules for students:

- Face masks must be worn outside of classrooms. Please make sure that you have a spare mask as well in case one is lost.
- Social distancing should be maintained– minimum of 1m, ideally 2m most of the time. This is something I have noticed being breached the most over the past term, and we need to get better at this if we are to remain safe.
- Seating plans. It is important that students remain in their allocated seats in lessons. This allows us to identify students who have been in close contact with anyone who may have contracted the virus.
- Hand washing. All students should be washing their hands regularly. There are hand sanitising points outside of every classroom, and they should be used before entering the room.

Thank you for your ongoing support, and helping us keep a safe site where we can continue to get the best possible start to the GCSE years.

Mr Fiendley, Progress Leader.

Student Reminders

Homework

All homework is now assigned on Teams. Students should be getting at least an hour per week from each subject.

Covid-19

Please remember:

- **Face masks**
- **Social distancing**
- **Washing hands**
