

Dear parents/carers,

Just a quick update this week as we head towards the end of term. A quick reminder about sensible clothing in addition to school uniform as the weather starts to become more unpleasant - please note that this does not include any footwear changes, so students should be wearing normal school shoes and not trainers (other than PE day). If students wish to wear trainers to school and then change into shoes, this is fine - however, just wearing trainers instead of shoes for the day is not acceptable uniform.

Mrs Starr is getting in touch with students via the form teams on Teams to advertise an exciting role that students will be able to apply for shortly - if she hasn't got round to your child's form yet then hopefully they will be hearing about this soon.

HPL focus for next week is Precision - "the ability to work effectively within the rules of a domain". Students will see where it is necessary and appropriate to be precise and accurate (including in terms of language), as well as identifying where absolute precision is not necessary or required.

Have a nice weekend,

Aaron Phillips & Emma Terry.
