

Dear parents and carers,

As part of our Careers education at CCS, we are always looking for opportunities to pass on to the students, including useful websites that give guidance, webinars and live talks about career paths and how to get into them, work experience opportunities and conferences.

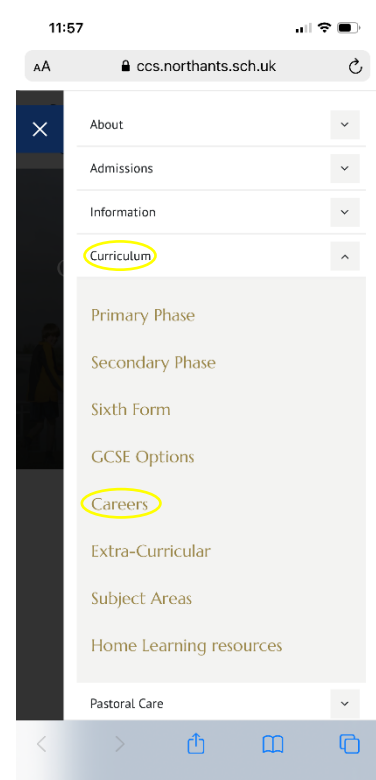

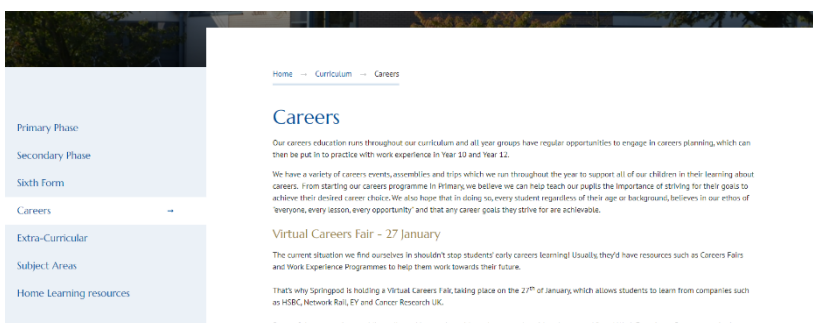

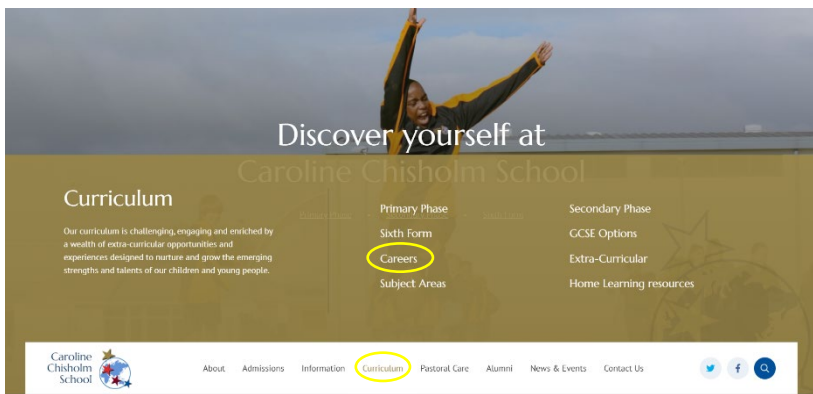

We will be updating the [Careers section](#) on the website regularly with information and opportunities. Please can you encourage your son/daughter to check for updates, especially those in Years 10-13. However, there are useful resources for all year groups in Secondary phase.

For students in Years 10-13, we have our careers advisor, Sheila Morgan, who is available to meet with students about their career options and offer guidance and support. If you would like to book an appointment, please contact Mrs Clarkson mclarkson@ccs.northants.sch.uk

Students in Year 9 who are currently beginning the process of selecting their GCSE options may find some of the websites useful to help steer them onto a pathway that suits them best. Details are below.

How to find the Careers section on the website

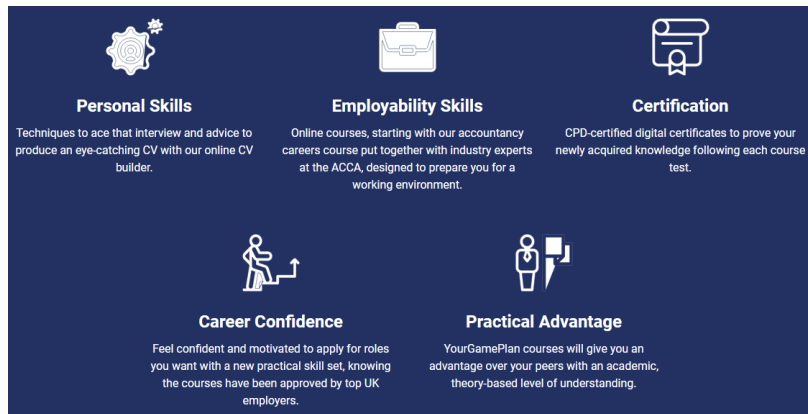

Go to the main website page and click on Curriculum – a careers option will then appear.

Useful Websites:

Your Game Plan

[Your Game Plan](#) helps students develop their employability skills.

Personal Skills
Techniques to ace that interview and advice to produce an eye-catching CV with our online CV builder.

Employability Skills
Online courses, starting with our accountancy careers course put together with industry experts at the ACCA, designed to prepare you for a working environment.

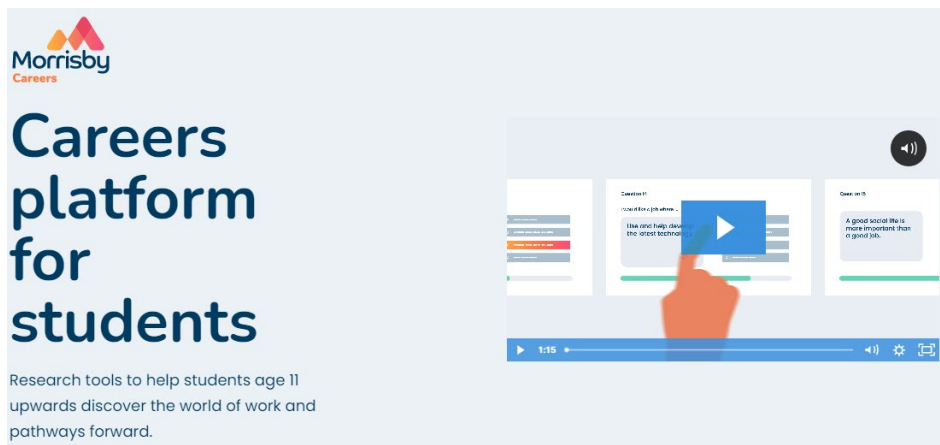

Certification
CPD-certified digital certificates to prove your newly acquired knowledge following each course test.

Career Confidence
Feel confident and motivated to apply for roles you want with a new practical skill set, knowing the courses have been approved by top UK employers.

Practical Advantage
YourGamePlan courses will give you an advantage over your peers with an academic, theory-based level of understanding.

Fast Tomato

[Fast Tomato](#) is now merging into Morrisby career platform and offers guidance for students aged 11+. Students will need our school code when signing up which is: **FLICCHN**

Morrisby Careers

Careers platform for students

Research tools to help students age 11 upwards discover the world of work and pathways forward.

Kind Regards,

Mrs Wittich-Jackson
Assistant Principal
