

Dear parents and carers,

It is National Careers Week next week and we would like to remind you about the [careers section](#) on our website which contains a whole host of helpful links, webinars, apprenticeship opportunities and other information. We are regularly adding to this section, so it is really worth checking in each week for new opportunities. Many of them have short time frames to apply or be involved so students need to be quick if they see something that takes their interest!

For students in Year 11 and 12; next week I will be sharing the National Citizen Service opportunities that are coming up this summer. They offer amazing opportunities for students in Year 11 and because the current Year 12 missed their chance last year, they can apply for this summer, although spaces are **very** limited. Here is a link to their website if you want to have a look at who they are and what they do ahead of next Friday when we will share their video with you all. There is an opportunity to pre-register on their page if you think it is an opportunity you want to pursue!

<https://wearencs.com/>

We are really excited to be able to see the students face to face soon!

Have a lovely weekend.

Kind regards,

Kathryn Wittich-Jackson
Assistant Principal
