1 Aims

The school aims to:

- Run an effective ECT induction programme that meets all the statutory requirements as well as helping to embed them into school ethos, procedures and policies.
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Ensure all staff understand their role in the induction programme

2 Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance <https://www.gov.uk/government/publications/induction-for-early-career-teachers-england>
- The 'relevant standards' referred to below are the [Teachers' Standards](#).
- This policy complies with our funding agreement and articles of association.

3 The induction programme

For a full-time ECT, the induction programme will typically last for two academic years.

Part-time ECTs will serve a full-time equivalent.

The programme is quality assured by Leicester City Council, our 'appropriate body'.

3.1 Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction mentor, who will have qualified teacher status (QTS)
- Have a reduced timetable to allow them to undertake activities in their induction programme.
- Year 1: no more than 90% of the timetable of existing teachers on the main pay range
- Year 2: no more than 95% of the timetable of existing teachers on the main pay scale.
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Where possible, not be presented with unreasonably demanding student discipline problems on a day-to-day basis

3.2 Support for ECTs

We support ECTs with:

- Their designated induction mentor, who will provide monitoring and support, and co-ordinate their assessments
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take, at which we will review their objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school, with effective practice

3.3 Assessments of ECT performance

Formal assessment meetings will take place termly, carried out by the ECT's induction tutor.

These meetings will be informed by clear and transparent evidence gathered during the preceding assessment period and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

After these meetings, formal assessment reports will be completed that clearly show how the ECT is performing against the relevant standards.

At the end of the programme, ECTs will take part in a final formal assessment meeting. The outcomes of this meeting will be used by the principal to decide whether the ECT's performance is satisfactory against the relevant standards. The decision will be written up in a final assessment form.

The ECT can add their own comments to this final form.

The form will then be sent to the appropriate body, who will make the final decision on whether the ECT has passed their induction period.

3.4 At-risk procedures

If it becomes clear the ECT is not making sufficient progress, additional monitoring and support measures must be put in place immediately, meaning:

Areas in which improvement is needed are identified

Appropriate objectives are set to guide the ECT towards satisfactory performance

An effective support programme is put in place to help the ECT improve their performance

If there are still concerns about the ECT's progress at their next formal assessment, so long as it is not the final assessment, the principal will discuss this with the ECT, updating objectives as necessary and giving details of the improvement plan for the next assessment period.

4 Roles and responsibilities

4.1 Role of the ECT

The ECT will:

- Provide evidence that they have QTS and are eligible to start induction
- Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review
- Agree with their mentor and induction tutor how best to use their reduced timetable allowance
- Provide evidence of their progress against the relevant standards
- Participate fully in the monitoring and development programme
- Participate in scheduled classroom observations, progress reviews and formal assessment meetings
- Agree with their induction tutor the start and end dates of the induction period, and the dates of any absences from work during the period.
- Keep copies of all assessment forms

When the ECT has any concerns, they will:

- Raise these with their induction tutor as soon as they can
- Consult with their contact at the appropriate body at an early stage if there are difficulties in resolving issues with their tutor or within the school.

4.2 Role of the principal

The principal will:

- Check that the ECT has been awarded QTS and whether they need to serve an induction period
- Agree, in advance of the ECT starting, who will act as the appropriate body
- Notify the appropriate body when an ECT is taking up a post and undertaking induction
- Make sure the ECT's post is suitable according to statutory guidance (see section 3.1 above)
- Ensure the induction tutor is appropriately trained and has sufficient time to carry out their role effectively
- Ensure the mentor is appropriately trained and has sufficient time to carry out their role effectively
- Ensure the ECT's progress is reviewed regularly, including through observations and feedback of their teaching
- Ensure that formal assessments are carried out and reports completed and sent to the appropriate body
- Maintain and keep accurate records of employment that will count towards the induction period (noting that up until 1 September 2021, any absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend the ECT's induction)
- Make the academy trust board aware of the support arrangements in place for the ECT

- Make a recommendation to the appropriate body on whether the ECT's performance against the relevant standards is satisfactory
- Participate in the appropriate body's quality assurance procedures of the induction programmes
- Keep all relevant documentation, evidence and forms on file for 6 years

4.3 Role of the induction tutor

The induction tutor will:

- Provide guidance and effective support to the ECT,
- Carry out regular progress reviews throughout the induction period
- Undertake formal assessment meetings during the induction period, coordinating input from other colleagues as appropriate
- Inform the ECT during the assessment meeting of the judgements to be recorded on their formal assessment record and invite the ECT to add their own comments
- Ensure that the ECT's teaching is observed, and feedback is provided
- Ensure the ECT is aware of how they can raise concerns about their induction programme or their personal progress, both within and outside of the school
- Take prompt, appropriate action if the ECT appears to be having difficulties

4.4 Role of the mentor

The ECT statutory guidance introduces the role of mentor.

The mentor will:

- Provide regular coaching and mentoring to the ECT,
- Attend regular and relevant mentor training,
- Hold qualified teacher QTS status.

4.5 Role of the academy trust board

The academy trust board will:

- Ensure the school complies with statutory guidance
- Be satisfied that the school has the capacity to support the ECT
- Ensure the principal is fulfilling their responsibility to meet the requirements of a suitable induction post
- Investigate concerns raised by the ECT as part of the school's grievance procedure
- If it wishes, seek guidance from the appropriate body on the quality of the induction arrangements and the roles and responsibilities of staff involved in the process
- If it wishes, request general reports on the progress of the ECT

5 Monitoring arrangements

This policy will be reviewed **annually**. At every review, it will be approved by the full academy trust board.
