1 Introduction

Caroline Chisholm school's suspension and exclusion policy aims to set out the process that will be followed and the additional considerations around suspensions and exclusions that the school will apply. Good behaviour and self-discipline lead to effective learning and help prepare children and young people for life beyond the school gate.

Where the school's approaches towards behaviour management have been exhausted, then suspensions and permanent exclusions will sometimes be necessary as a last resort. This is to ensure that other students and teaching staff are protected from disruption and can learn in safe, calm, and supportive environments.

The school will always have regard to the Statutory Guidance on Suspensions and Exclusions [Suspension and Permanent Exclusion from maintained schools, academies and student referral units in England, including student movement \(publishing.service.gov.uk\)](https://publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/616222/suspensions-and-exclusions-statutory-guidance.pdf) when making decisions on suspensions and exclusions and will follow the law, as set out in the relevant School Discipline (Student Exclusions and Reviews) (England) Regulation 2012 (as amended).

This policy should be read in conjunction with the behaviour policy and the SEND policy for the school.

2 Application of policy

This policy applies to all members of the school community. We will apply suspensions and exclusions in accordance with this policy and ensure that its contents are relayed to all staff, parents, and students.

3 Types of exclusion

Suspensions and permanent exclusions are different:

3.1 Suspensions

Suspensions (previously called fixed-term exclusions) are where a student is prevented from attending the school for a fixed period. At the end of the period, they are expected to return to school following a reintegration meeting. A student may receive a maximum 45 days of suspension in an academic year before being permanently excluded.

3.2 Permanent exclusions

Permanent exclusions are where, subject to a decision of the trustee board to reinstate the student to the school, the student is prevented from attending the school again. A decision to permanently exclude will only be taken in response to a serious breach or persistent breaches of the school's behaviour policy; and were allowing the student to remain in school would seriously harm the education or welfare of the student or others such as staff or students in the school.

4 Roles and responsibilities

All members of the school community are expected to follow this policy. Roles, responsibilities, and expectations of each section of the school community are set out in detail below.

4.1 The principal

All decisions to suspend or permanently exclude a student will be taken by the principal after considering all the circumstances. Every decision made will be proportionate to the seriousness of the behaviour with reference to the school's behaviour policy.

4.2 The trustees

The trustee board is responsible for forming committees to review exclusions and suspensions when it is required to do so, it is requested by parents, or it is, in its view, prudent to review an individual decision. In each case, the decision of the relevant committee formed by the trustee board will be to decide whether to uphold the exclusion or suspension, or instead to reinstate the student to the school. The trust follows statutory guidance when reviewing suspensions and exclusions.

4.3 Parents

Parents will be informed without delay of any suspension or exclusion and there is an ability to make representations in regard to any suspension or exclusion decision. Details will be provided on the rights parents have with every letter that is sent from the principal

4.4 Students

All students at the school are expected to follow the expectations regarding their behaviour to ensure that all students can learn and participate in school life effectively. Where those expectations are breached, the behaviour policy will apply.

5 CCTV, witness evidence and student views

The school uses Close Circuit Television (CCTV) within its premises. This is to provide a safe and secure environment for students, staff and visitors. If behavioural incidents are recorded on CCTV, the footage may be viewed as part of the investigation and the content considered before imposing a sanction. If CCTV is relied upon for a decision on a suspension or exclusion, then it will be shown in some format (redacted as necessary) at any trustee review meeting. Please see the School's CCTV policy and privacy notices for more information.

Where witness evidence is relied upon, whether that be from a student or a staff member, the statement(s) will be provided at any trustee review meeting. All statements will be signed and dated unless the principal has good reason to protect the anonymity of the relevant witness. Reasons may include threats of reprisals.

Before taking a decision to suspend or exclude and where appropriate, the principal will take the student's views into account, considering these in light of their age and understanding, and inform the student about how their views have been factored into any decision made. Where relevant, the student will be given support to express their view, including through advocates such as parents or, if the student has one, a social worker. The principal will also take account of any contributing factors identified after an incident of misbehaviour has occurred.

6 Reintegration strategy meetings following suspension or off site direction

Where a student is suspended or is directed to be educated off-site, upon return to the school both the student and parents will be invited to a reintegration strategy meeting. The purpose of the meeting is to:

- Offer the student a fresh start,
- Help them understand the impact of their behaviour on themselves and others,
- Teach them to how meet the high expectations of behaviour in line with the school culture,
- Foster a renewed sense of belonging within the school community; and
- Build engagement with learning

so that further suspensions are not needed. School staff will work with the student to understand what led to the behaviour and to establish if any changes can be made or further support implemented from a pastoral or practical perspective that might reduce the chance of repeat behaviours. Previous behaviour is not seen as an obstacle to future success.

The school uses various measures to support a student's successful reintegration including:

- Daily contact with a designated pastoral professional in-school.
- Ensuring the student receives academic support upon return to catch up on any lost progress.
- Planned pastoral interventions.
- Mentoring by a trusted adult or a local mentoring charity.
- Regular reviews with the student and parents to praise progress being made and raise and address any concerns at an early stage; and
- Informing the student, parents, and staff of potential external support.

Whilst reintegration meetings are highly encouraged by the school, students will not be prevented from being admitted to the school or being put in mainstream classes because a meeting has not taken place.

7 Cancelling a suspension or exclusion

A suspension or exclusion can be cancelled by the principal as long as the suspension or exclusion has not been considered by the trustees. In relation to an exclusion, it cannot be cancelled if the total time the student was suspended that academic year would be over 45 days at the point of the decision to cancel the exclusion.

Where a suspension or exclusion is cancelled, the relevant parties will be informed by the principal in accordance with the Statutory Guidance on Suspensions and Exclusions.

8 Suspensions before a permanent exclusion

In exceptional circumstances, students may receive a suspension prior to a permanent exclusion. For each decision, the principal will send the relevant letter setting out the rights of parents. A suspension cannot be converted into a permanent exclusion and so any subsequent permanent exclusion would be a fresh decision due to commence immediately after the suspension had ended. Exceptional circumstances may include where further evidence has come to light or where the incident was serious, and time is required to fully investigate the circumstances and consider alternatives.

9 Directing offsite and managed moves

Before taking any decision to permanently exclude a student, the principal will consider whether a direction to attend alternative provision and/or a managed move as part of a planned intervention would be a reasonable alternative that should be considered.

In the case of directing a student off-site to alternative provision, the aim of any direction is for it to be used as a short-term measure as part of the school's behaviour management strategy to improve a student's behaviour where in-school interventions and/or outreach have been unsuccessful or are deemed inappropriate. While parental consent is not needed, discussions would take place with parents to feed in their views about the options.

For a managed move to take place there needs to be agreement between the school, the parents, and the new school that a managed move should occur. Before a managed move is agreed to, the student should attend the new school to ensure that the new school would be suitable for them. We will share relevant information with the new school and check that they have an integration strategy. At the end of this period, the relevant parties (including the parents) will review the placement before a decision is taken about whether the move becomes permanent.

10 Independent review panels (IRPs)

The school arranges its own IRPs, and requests for an IRP where a permanent exclusion has been upheld should be made to the trust governance professional within 15 school days

Further details on the role and powers of IRPs can be found in Part Ten of the Statutory Guidance on Exclusions.

11 Reconsideration by the trustee board

Where an IRP either recommends reconsideration or quashes the initial decision of the trustee board, the decision will be reconsidered within 10 school days. This may involve a rehearing with oral evidence given by the school and parents or may be a reconsideration with only the trustee board members and the governance professional present.

12 Remote meetings

Any trustee meeting and/or an IRP meeting may be conducted remotely where the parents request for it to be conducted remotely and the meeting can be fairly held remotely, with all participants having access and able to make representations. A meeting may also take place remotely where there is an extraordinary event or unforeseen circumstance that means it is not reasonably practicable to hold the meeting in person. Such events can include, but are not limited to, floods, fire, and an outbreak of an infectious disease.

In addition, where a child's social worker or the virtual school head are due to attend a meeting, they may join an in-person meeting remotely if it can be fairly accessed, the technology is available, and everyone would be able to make representations.

13 Complaints

If parents have any concerns or complaints over the application or implementation of this policy or feel that they are being pressured into a managed move, they should raise their concerns with a staff member or the principal in accordance with the school's complaints policy. If the concern relates to a suspension or exclusion, the statutory procedure set out in the suspensions and exclusions statutory guidance will be followed.

14 Equality impact

The school does all it can to ensure that its policies do not discriminate against students or others, either directly or indirectly, in line with any Equality Act 2010 protected characteristics. This includes race, religion, disability, sexual orientation, and sex.

15 Monitoring arrangements

The trustees review data on suspensions and exclusions to ensure that the use of suspensions and exclusions is appropriate. The following are monitored by the trustees to ensure the processes and support for students are appropriate:

- The interventions put in place for students at risk of suspension and permanent exclusion
- The processes in place for determining and reviewing directions to alternative provision and that such placements are reviewed at sufficient intervals to assure that the education is achieving its objectives and that students are benefiting from it
- The full-time educational provision for students of compulsory school age from the sixth consecutive school day of a suspension, in particular checking the provision is suitable and quality-assured to ensure that:
 - Any previous placements have been evaluated, including support for any applicable SEND.
 - There is a process in place to monitor the student's attendance and behaviour at the provision
 - The correct attendance code is being used
 - The student's child protection file and any other information relevant to the student's safeguarding and welfare has been securely transferred to their new setting as early as possible
- Whether there is any variation within the year on suspensions and permanent exclusions and the characteristics of students
- The cost implications of directing children to be educated off-site in alternative provision and whether there are any patterns to the reasons or timing of moves
- Whether the school register and absence codes have been recorded correctly
- How the behaviour policy is applied and specifically its consistency
- The circumstances in which students receive repeat suspensions
- Whether Personal Education Plans for looked after children have been reviewed on a termly basis.
