

## Year 7 Term 3 Newsletter

Dear parents and carers,

As we draw near to the conclusion of another term, I am thrilled to share the remarkable achievements and growth we've observed in our Year 7 students. With the half term break upon us, I wanted to take a moment to reflect on the progress made and provide you with important updates.

### Academic Progress and Engagement:

I have been immensely proud of the dedication and enthusiasm demonstrated by our Year 7 students throughout this term. Their commitment to learning, both inside and outside the classroom, has been truly inspiring. We extend our sincere appreciation to you for your unwavering support and partnership in your child's educational journey. Hopefully, your child's Census Report has provided invaluable insight into their progress in lessons, enabling better understanding of their strengths and areas for growth.

### Support and Resources:

As we emphasise the importance of completing assigned homework, I want to remind parents and carers of the resources available to support your child's learning. All assignments are accessible through their Teams account and typically link up with their Edulink as well. Please note that some faculties utilise online software such as Seneca and Mathswatch for homework assignments. Therefore, it's important that students check all homework platforms for feedback.

There is a homework club in C11, held during lunchtime, should students need further time/support. If your child encounters any difficulties accessing resources or experiences issues with login details for external websites, please encourage them to reach out to their subject teacher promptly.

### Celebrating Achievements:

I am delighted to announce that Year 7 students have collectively earned 17,062 achievement points this term, bringing the total to an impressive 57,400! This remarkable achievement reflects their hard work, dedication, and positive contributions to our school community. We celebrated these successes with certificates and prizes in the last assembly of the term. Pictured right I have included the termly and year to date running totals.

Thank you for your continued support, and we look forward to another term filled with growth, learning, and achievement.

Miss E Johnson  
Performance Leader of Year 7

## Upcoming Events

Term 4 starts:  
Monday 26 February 2024  
on a Week B
