

I am writing to you to ask for your assistance in supporting your child with the completion of the 'Sporting Success Survey'.

To access the survey please follow this link:

The purpose of this survey is for us to gather information on the commitment to PE and sport shown by the students here at Caroline Chisholm School. The survey will focus on commitment shown to school sport but also sport from outside the school setting.

Please pay special attention to the guidance (where given) to ensure the information received is accurate. When answering you may include information from this academic year (From September 2017).

As a department we have a good understanding of the achievements in school but don't always get to hear about students achievements outside of school.

We will be recognising these achievements so it is imperative that this survey is completed accurately.

Thank you in advance for your accuracy when filling the survey out.

Kind regards,
