

2nd October 2018

To Parents of Pupils in Year 3 and 4

Dear Parents

Year 3 and 4 Fluency in Maths – Parent Workshops : Wednesday 10th October 2 - 3 p.m. or 6 - 7 p.m.

Your continued role in helping your child with their knowledge and understanding in Mathematics in Lower Key Stage 2 is very important and we value the support that you give. There is a great deal to learn and understand about maths in Lower Key Stage 2 and how to support your child to become fluent in the different areas of mathematics. Learning to add, subtract, multiply and divide can be complex, and children learn in different ways. On Wednesday 10th October, we will explain the different approaches used appropriate to the different stages of development. These meetings are an ideal opportunity for you to ask questions and talk to the staff. Some of the resources that we use will also be available for you to look at and try.

We hope you will be able to come to this meeting and find out how you can help your child at home.

Please complete and return the form below by Friday 5th October

We look forward to seeing you there.

Yours sincerely

Charlotte Meredith
