To Parents of Pupils in Year 2

Dear Parents

We are aware that the Statutory Assessment Tests (SATs) are approaching in May and you may be thinking about purchasing some revision guides. We have been contacted by CPG, a publishing company of study books, who are offering you the chance to purchase their KS1 study guides at a special rate. We feel that the books are a useful revision tool and that the children will find them extremely valuable to consolidate learning.

There are two different types of books on offer for each of the core subjects: **study books** and **question books**. The **study books** provide clear revision of topics based on the learning studied throughout KS1 and the **question books** provide specific examples for the children to practice answering linked to the topics studied.

If you wish to purchase any of these revision materials at the school discounted price, please make your payment on Parent Pay by **Friday 8th February**. We will collate the order from the payments you make, and any books ordered will be sent home once the order has been processed.

Thank you for your continued support.

Yours sincerely,

Natasha Coleman, Keeley Jeffery and Laura Losty

Year 2 Team
