Dear Parent/Carer

Re: Year 7 parent's evening

We are aware that some of you have not been able to make appointments to see all of your son or daughters teacher tonight. With 279 students in Year 7, each studying 15 different subjects, and a total of 49 secondary teaching staff for Year 7 this means that not every parent will be able to see every teacher. Teachers of subjects such as art and drama often have 4 or more classes of Year 7 which equates to at least 120 pupils.

In this respect CCS is the same as every secondary school in the country and in fact teachers at CCS see more parents due to our concertinaed day than similar schools. If you have a concern about a particular subject and have been unable to make an appointment please contact them via e-mail and they will e-mail or phone you within working hours to discuss your concern, e-mail to specific teachers can be sent via office@ccs.northants.sch.uk with the name of the teacher in the subject line.

Thank you

Andy Fisher
Vice Principal
