

CCS HOMEWORK TIMETABLE – Year 10 & 11

All subjects in Key Stage 4 (Year 10 & 11) will give 1 x hour homework per week. Teachers will aim to leave a weekend between each set homework. Therefore, GCSE students may receive a considerable number of homework pieces on certain days, dependent on individual option choices.

If you have a specific query about the homework set in a specific subject, please contact your son's or daughter's relevant class teacher .

Additional Notes:

MFL students will be set homework (which may be more than one task) once a week.

Science classes for **Combined Science** will have homework on alternative weeks because of the nature of the course. In **Triple Science**, students will be set homework more regularly by all the teachers.

In **Visual Art & Photography**, we set a 2-week research task on artists/photographers. Students will be encouraged to work more independently later in the year.
