

## CCS HOMEWORK TIMETABLE – Year 7:

This is a general overview of the homework setting per fortnight. Please allow some flexibility to consider bank holidays, school events, assessments, etc. If you have a specific query about the homework set in a specific subject, please contact your son's or daughter's relevant class teacher. Given the complexity of this year's timetable, please be mindful that English homework could be set on any day of the week. This timetable aims to be a general framework to provide students with a reasonably balanced guide to manage completion and planning of homework.

**Performing Arts and Art** - Due to the practical nature of these lessons, homework will only be set when necessary to benefit the practical work they will be covering in lessons. **Music:** Occasional short pieces of homework may be set to include consolidation of learning.

**Technology** - Homework tasks are more likely to be set over a longer period of time rather than on a weekly basis. However, work will be set according to need.

**MFL** during first term - Students will receive alternating homework from both languages.

**Computing** - This subject is only set every fortnight. All KS3 students will be working towards their Duke of York IDEA Digital Skills Certificate.

**Final note** - Teachers will adhere to the set days for homework wherever this is possible. On occasions, when a class has two teachers, it may be that the day for setting and receiving homework is changed from that above (especially English). However, homework will still be collected the following week (allowing a weekend in between). Students will be informed of any alterations by individual teachers.
